Alumni Association

Upon graduation from the University of Bridgeport, students become a member of the UB Alumni Association. The overall goal of the UB Alumni Association is to maintain the bond between graduates and the University of Bridgeport. As members of the UB Alumni Association, alumni are asked to support the University’s mission and its advancement. Alumni are encouraged to give back, visit the campus, attend events, and volunteer their time to Career Development and/or Admissions. In return, the University of Bridgeport will offer its alumni opportunities to stay connected with each other and with the school, inform them of happenings at the University, and always welcome them back to campus.

A university can measure its success through the achievements of its alumni. The University of Bridgeport boasts a plethora of prominent graduates who reside across the country and around the world. They serve as corporate CEOs and university presidents, automobile designers, commissioners of education, political leaders, television stars and prominent athletes. Their accomplishments reflect well on their alma mater, which in turn extends its gratitude. UB alumni also devote time and energy to the University of Bridgeport by serving on the UB Alumni Association Board of Directors or University of Bridgeport’s Board of Trustees; volunteering to work at events and mentor students; and updating the University on their accomplishments and whereabouts.

We would like to hear from you. Please email us at alumni@bridgeport.edu or call us at 203-576-4151.

Forms indicating the intent of the parents or eligible students to request information be withheld can be obtained in the Office of the Registrar, and must be submitted within the first five class days to be effective to avoid disclosure.

Notification of Rights Under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. Among these rights are:

1. Among these rights are to inspect and review the educational records within 45 days of the day the University receives the request for access. Students should submit to the Registrar a written request that identifies the record(s) they wish to inspect. The University Registrar will make arrangements for access and notify the student of the time and place where records may be inspected. If the Registrar does not maintain the records requested the Registrar will advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of their educational record that he/she believes is in accurate or misleading. Students should ask the University to amend the record that they believe is inaccurate or misleading. They should write the Registrar, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his/her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is:

A school official has a legitimate educational interest if the official is:

   - Performing a task that is specified in his or her position description or contract agreement, or is customarily performed by such person at the university.
   - Performing a task related to a student’s education.
   - Performing a task related to the discipline of a student.
   - Providing a service or benefit relating to the student or student’s family, such as health care, counseling, job placement or financial aid.
   - Maintaining the safety and security of the campus.

Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

The notification is permissive and at the discretion of the University. The notification of parents or guardians is indicated when: 1) the violation involved harm or threat of harm to persons or property, or 2) the violation involved an arrest in which the student was taken into custody.
The Student Right-to-Know and Campus Security Acts And Family Educational Rights and Privacy Act (FERPA)

Whenever possible, students will be informed that parental notification is planned in advance of their parents receiving the notice. The notification of parents is simply an act of notice and is not subject to appeal.

The Dean of Students or designee may disclose the name and a summary of the information regarding the final outcome of a hearing if the student is found to have committed an act of violence.
